

Features

- Thermally broken, insulated, modular, insert ventilator
- Meets the highest performance levels of CSA Standard CAN / CSA-A440
- Rain screen element over ventilator prevents direct rain contact with the ventilator weathering
- Air movement results from natural air circulation
- Highly effective ventilator seal
- No operating hardware required
- Optional keyed lock
- Fingertip control of opening and closing
- Visually the same open or closed
- Can be installed in any Kawneer fixed frame with a depth of 4" (101.6) or more
- Factory fabricated and assembled
- Maximum Ventrow width is 5'-0" (1524)

Laws and building and safety codes governing the design and use of glazed entrance, window, and curtain wall products vary widely. Kawneer does not control the selection of product configurations, operating hardware, or glazing materials, and assumes no responsibility therefor.

Kawneer reserves the right to change configuration without prior notice when deemed necessary for product improvement.

LAWS AND BUILDING AND SAFETY CODES GOVERNING THE DESIGN AND USE OF GLAZED ENTRANCE, WINDOW, AND CURTAIN WALL PRODUCTS VARY WIDELY. KAWNEER DOES NOT CONTROL THE SELECTION OF PRODUCT CONFIGURATIONS, OPERATING HARDWARE, OR GLAZING MATERIALS, AND ASSUMES NO RESPONSIBILITY THEREFOR.

Metric (SI) conversion figures are included throughout these details for reference. Numbers in parentheses () are millimeters unless otherwise noted.

The following metric (SI) units are found in these details:

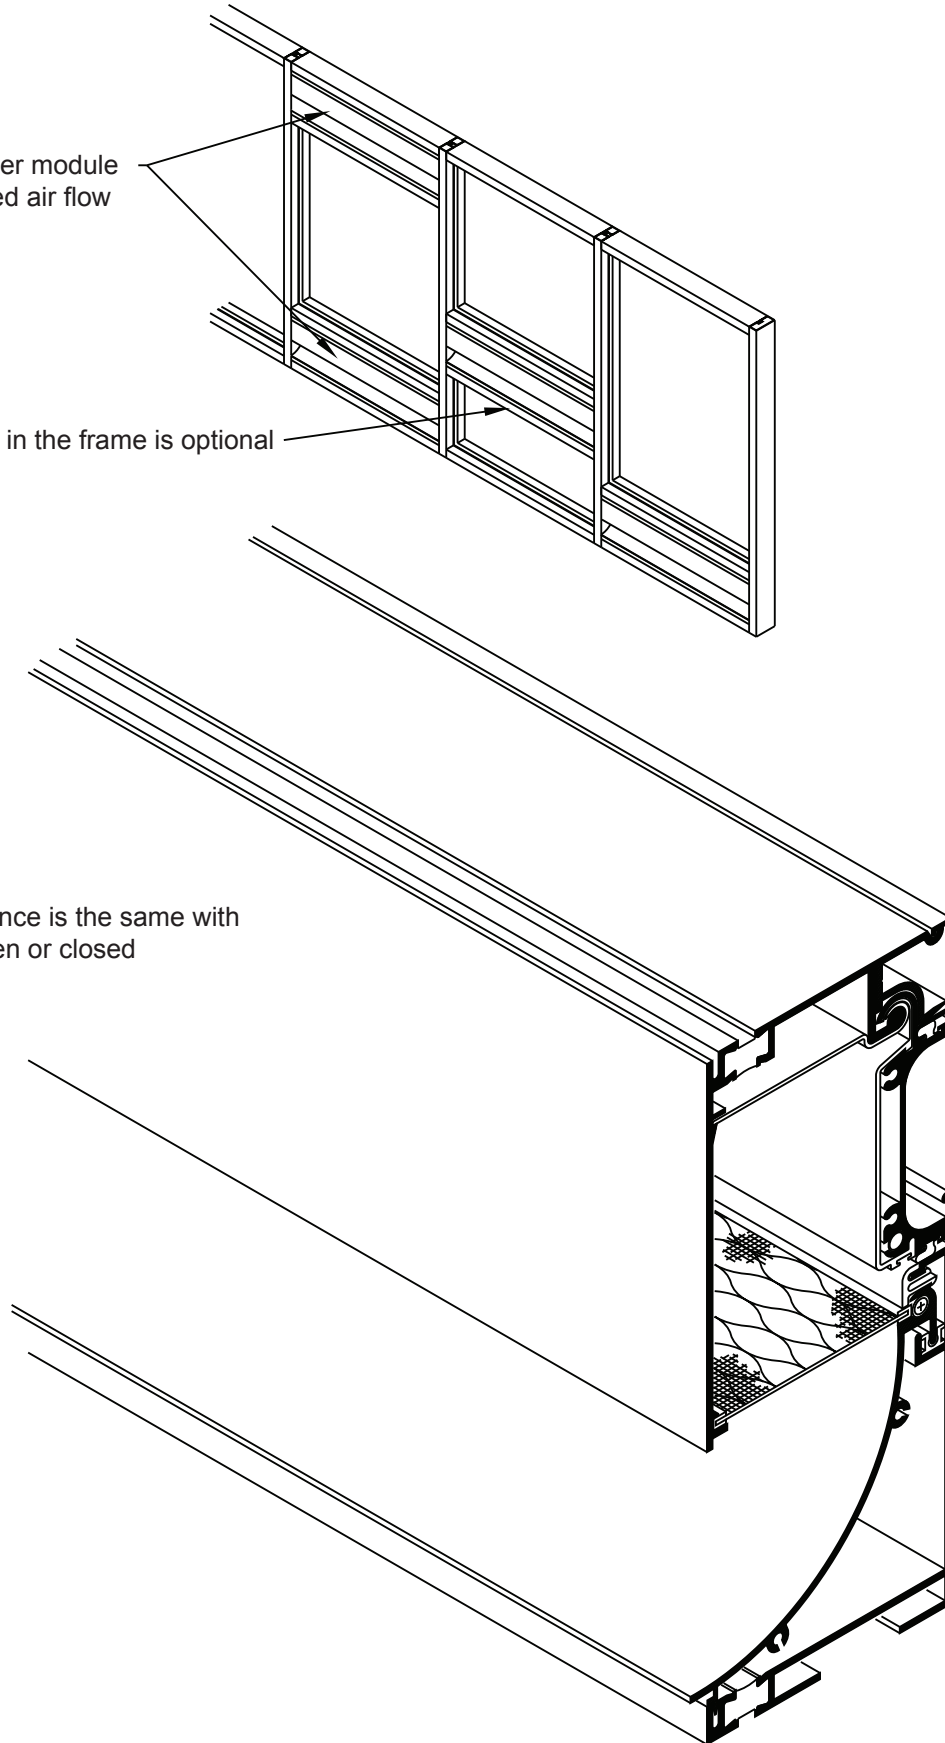

- m – meter
- cm – centimeter
- mm – millimeter
- s – second
- Pa – pascal
- MPa – megapascal

Kawneer reserves the right to change configurations without prior notice when deemed necessary for product improvement.

Two units per module for increased air flow

Location in the frame is optional

Exterior appearance is the same with the ventilator open or closed

Laws and building and safety codes governing the design and use of glazed entrance, window, and curtain wall products vary widely. Kawneer does not control the selection of product configurations, operating hardware, or glazing materials, and assumes no responsibility therefor.
