Versoleil™ SunShade - Outrigger System

**FEATURES - STOREFRONT**

**Features**
- Standard designs
- Screw Spline assembly
- Used with TRIFAB™ VG 451/451T
  - Shear Block - 2" vertical mullion, center glazed
- Used with TRIFAB™ VG 451/451T/451UT/601/601T/601UT
  - Screw Spline - 2-1/4" vertical mullion, center glazed
- Helps reduce building energy consumption
- Permanodic™ anodized finishes in seven standard choices
- Painted finishes in standard and custom choices
- Shading performance can be analyzed by Solector™ Sun Shading Estimator Tool

For specific product applications, Consult your Kawneer representative.

DESIGN GUIDELINES ................................................................... 9

Laws and building and safety codes governing the design and use of glazed entrance, window, and curtain wall products vary widely. Kawneer does not control the selection of product configurations, operating hardware, or glazing materials, and assumes no responsibility therefor.

Metric (SI) conversion figures are included throughout these details for reference. Numbers in parentheses ( ) are millimeters unless otherwise noted.

The following metric (SI) units are found in these details:

- m – meter
- cm – centimeter
- mm – millimeter
- s – second
- Pa – pascal
- MPa – megapascal
NOTE: For standard storefront applications the outrigger is limited to 30". Details shown with 30" square outrigger, arch blade and rectangular fascia.

NOTE: Horizontal SunShades are not recommended directly over entrances and walkways to eliminate any risk of injury due to falling ice or snow.

Versoleil™ SunShade - Outrigger System
OUTRIGGER / FASCIA / BLADE COMBINATIONS - STOREFRONT

ADMG031EN
AUGUST, 2018
EC 97911-173
PRODUCT NOTES:

1. Maximum outrigger projection for storefront framing should not exceed 30”.

2. Anchors are painted only, and can be painted to match anodized finishes. Louvers and fascias can be painted or anodized.

3. Standard outriggers, louvers and fascias can be mixed and matched at the designers choosing.

4. Some modification or customization of standard components can be accommodated. Please contact your Kawneer Representative for assistance.

5. Due to the wide variety of building codes, load restrictions, and deflection criteria, the use of SunShades on storefront should be analyzed and approved by Kawneer Application Engineers on a project specific basis.

6. If Versoleil™ SunShade does not meet your aesthetic or performance needs, please contact your Kawneer Representative for assistance in designing a custom sunshade.
Laws and building and safety codes governing the design and use of glazed entrance, window, and curtain wall products vary widely. Kawneer does not control product configurations, operating hardware, or glazing materials, and assumes no responsibility therefor.
