

THE ULTIMATE THERMAL INTELLIGENCE SOLUTION

Introducing the New OptiQ™ Horizontal Sliding Window from Kawneer

The newest addition to the OptiQ™ Ultra Thermal Window series slides into place. The result of an ongoing partnership with the U.S. Department of Energy, the AA™5450 Series Window – now available as a horizontal slider – continues to deliver best-in-class thermal performance. Offered in multiple

configurations with options for customization, OptiQ™ Ultra Thermal Windows exceed the aesthetic and performance demands of the market. **Now, with the complete solution of OptiQ™ Ultra Thermal Windows, sliding into thermal intelligence has never been so easy.**
